Plan to count as Continuity of Care? *Yes* *No* Plan to count as Full Continuity of Care? *Yes* *No*

Transport to Hosp. in Labor? *Yes* *No* Transport to Hosp. in Immediate PP? *Yes* *No*

Transport Reason / Outcome

Preceptor Signature _____ Date _____

*****All form fields are required*****

Please note:

Continuity of Care: at least 1 prenatal visit (in assist or primary role), plus birth (in primary role): need minimum 10 for graduation. These are included in the 25 primary birth minimum.

Full Continuity of Care: at least 5 prenatal visits spanning at least 2 trimesters, birth, newborn exam, and at least 2 postpartum exams between 24hrs and 6wks, all in primary role: need minimum 5 (in addition to above 10 Continuity of Care) for graduation. These are included in the 25 primary birth minimum.

NMI students must complete a minimum of 20 Assist Births and 25 Primary Births for graduation. Student must complete a minimum of 18 Assist births before moving on to Primary births (or more at the discretion of the preceptor), but must complete all 20 Assist births before graduation.

Transports to the hospital from an out-of-hospital setting are limited to 4 out of the 20 Student-Assistant under Preceptor Supervision births and 3 out of the 25 Student-Primary under Preceptor Supervision births: the first 20 Student-Primary under Preceptor Supervision births may include 2 transports, and the remaining 5 Student-Primary under Preceptor Supervision births may include 1 transport.

All required minimum clinical experience must occur within the last 10 years from NARM application date and graduation.

A minimum of 10 of the 25 Student-Primary Under Preceptor Supervision births must be attended in the US or Canada and must occur in out-of-hospital settings.

A minimum of 5 home births must be attended in any role.

A minimum of 2 planned hospital births must be attended in any role.

Students are required to use client codes (not names) on all experience documentation. Clinical experience documentation with client names will be returned to the student for resubmission.

Should you have any further questions, please contact the Clinical Director of NMI.
