

National Midwifery Institute
Clinical Form - Observe Birth Log

Student Name _____

Date of Birth _____ Client Code _____

Location of Birth Home Hospital Birth Center Other

Witness Name _____

Witness Contact Info _____

Please note:

NMI students must complete a minimum of 10 Observe Births throughout their tenure at NMI. These can be completed at any point in a student's time with NMI, and may predate enrollment with NMI. Students must attend a minimum of 2 planned hospital and 5 planned home births in any role before graduating from NMI: Observe Births can count for these requirements.

The Witness above can be anyone who can vouch for the student's presence at the birth, and does not have to be a clinical preceptor. Observe births can be paid births (i.e. doula births).

All required minimum clinical experience must occur within the last 10 years from NARM application date and graduation.

Students are required to use client codes (not names) on all experience documentation.

Clinical experience documentation with client names will be returned to the student for resubmission.

Should you have any further questions, please contact the Clinical Director of NMI.
