

**National Midwifery Institute**  
*Clinical Form - Required Planned Hospital Birth Log*

Student Name \_\_\_\_\_

Date of Birth \_\_\_\_\_ Client Code \_\_\_\_\_

Hospital of Birth \_\_\_\_\_

Experience Type     Observe             Assist             Primary             Other

Have you documented this birth with NMI on  
any other forms (ex. Observe Birth Log, Birth  
Experience Form, etc.)?                             Yes             No

***Please note:***

*NMI students must complete a minimum of 2 planned hospital births during their time as a midwifery student. These hospital births can be in any role (Observe, Assist, Primary). Transfers to hospital from a planned home birth do NOT count as a planned hospital birth, but following a client's birth after a prenatal transfer to obstetrical care and subsequent plan for hospital birth CAN count. Hospital births can be paid births (i.e. doula births).*

*All required minimum clinical experience must occur within the last 10 years from NARM application date and graduation.*

*Students are required to use client codes (not names) on all experience documentation. Clinical experience documentation with client names will be returned to the student for resubmission.*

*Should you have any further questions, please contact the Clinical Director of NMI.*
